## Weather

*Summer arrives this week, but the warm weather didn't wait, supplying Antrim County residents and visitors with yet another hot and happy weekend. Sprinkles threatened Sunday afternoon, but cleared away to a balmy evening. Swimmers flocked to the beaches throughout the week, as temperatures climbed into the mid-90s, with only one day failing to break the 90-degree mark. LAST YEAR: The first day of summer was ushered in by nearly a week of rain, with daytime highs in the low 70s.*

***THE 12TH ANNUAL*** *Jordan Valley Freedom Festival promises to be even bigger and better than last year's parades and festival. A variety of activities is planned, beginning Thurs., June 30 through Sun., July 3.*

## Jordan Valley Freedom Festival preview

What do baby elephants, storybook parades, basketball, triathlons, miniature golf, talent shows, dunking tanks and fireworks all have in common?

The 12th annual Jordan Valley Freedom Festival, that's what! This year's festival, from Thursday through Sunday, June 30 to July 3, promises to be bigger and better than ever.

"We're still adding to the activities," said festival board director Dawn Pringle. "Requests for concession and game spaces keep coming in."

Carnival games, as well as the East Jordan Garden Club Farmer's Market are just two of the most recent additions.

Shows and entertainment include Laura the Baby Elephant; There's magic in books; a children's magic show; a country variety show; an art exhibit; local talent shows; a battle of the bands; a brass showband and fireworks.

Two parades, the grand parade with a large number of entries, and the youth parade, "Celebrate with storybook characters," are planned for July 2.

Sports events include a triathalon requiring contestants to swim, cycle and run; a "3 on 3" basketball tournament; a Par 1 "closest to the pin" competition; and "orange crate" races.

Concessions, games, crafts sale and a flea market will continue through the weekend.

"I'm really excited," said Pringle. "There's so much going on." She credits her Freedom Festival board and other helpers for putting it all together.

"We have really good people," she said.

A $1,000 give-away raffle, as well as festival supporter buttons are helping to fund the fireworks. But according to Pringle, the board still needs donations.

"Last year, the city gave $5,000," said Pringle. "This year there is no city funding for the fireworks." She said the cost of the Saturday evening spectacular is about $6,000.

"Fortunately, East Jordan businesses have really come through," she continued.

Pringle said the banners, signs and T-shirts this year will be extra special. Mark and Penny Postma of Signs Letters & Graphics designed and produced them. Brackets for hanging banners were financed by a special holiday banner fund from the City of East Jordan.

# Papa was umpire: The Bennett Family baseball team

In the early 1900s in East Jordan, "baseball" and "The Bennett Team" were synonymous terms.

William J. Bennett, an avid baseball fan, who owned 615 mostly wooded acres south of town, kept a crew of 35 or 40 men (including his nine sons) cutting timber.

It was always easy to a good ballplayer to secure work with Mr. Bennett and many stayed with him for several years.

East Jordan men also formed the habit of loading into a dray Saturday afternoons, driving out to the Bennett Farm, and playing ball all afternoon. They usually stayed for a big supper, topped off with four or five gallons of homemade ice cream.

The Bennetts' first bat and ball were brought home from town by the oldest son, Bert, in the summer of 1900. That evening Duncan McMillan, a neighbor who was working at the Bennetts went out to play with the boys.

Unfortunately, the game ended in disaster when Duncan threw the ball to Short, who caught it on the point of the bat, driving it up under catcher Bert's nose and breaking it. Mother Gertrude lost interest in the game as Bert came into the kitchen with blood streaming down over his clothing.

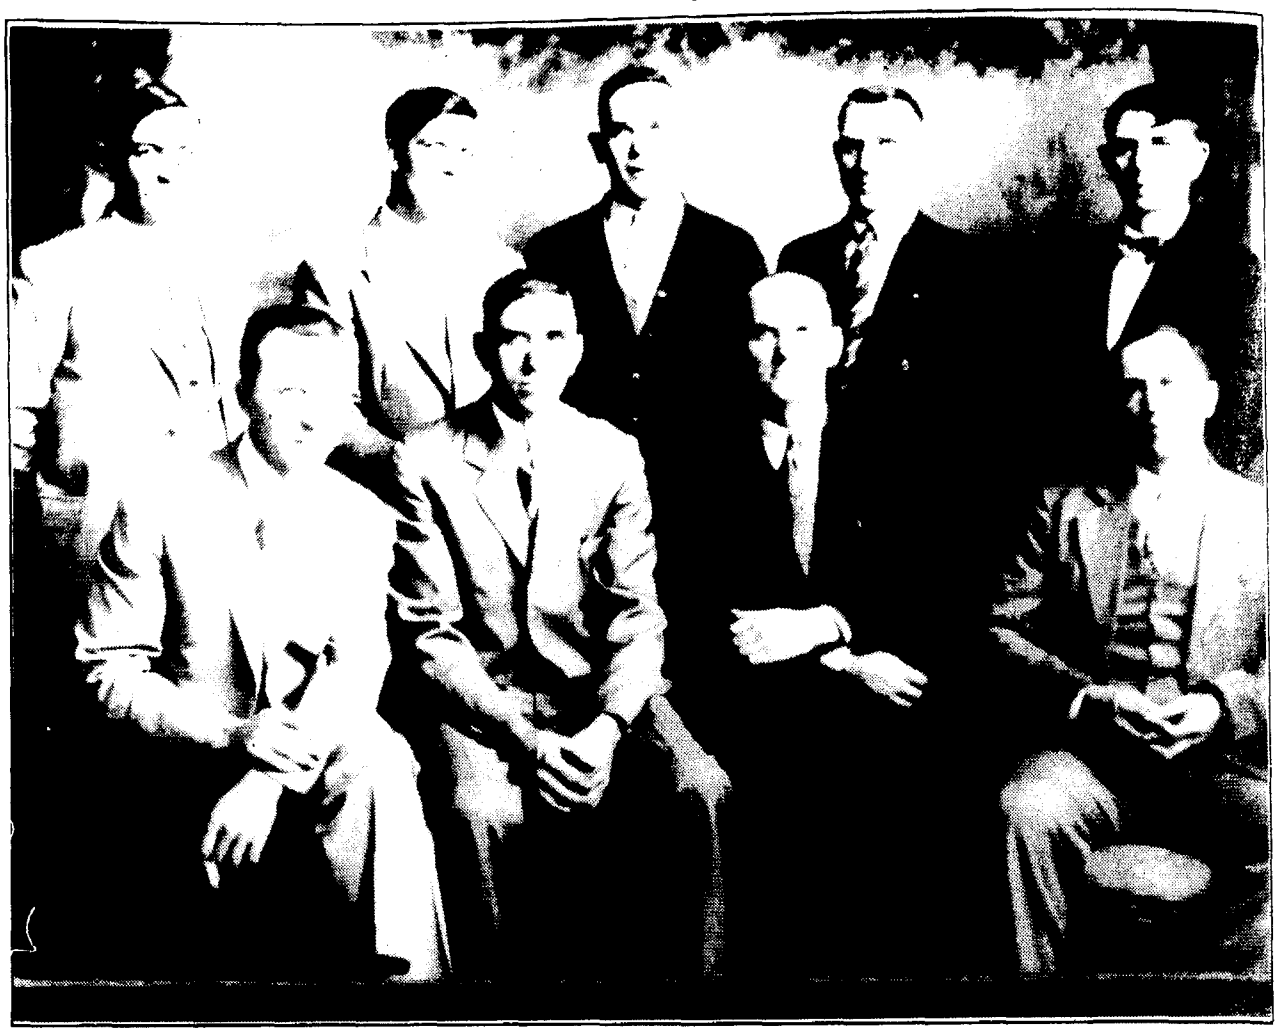

Their first catcher's glove was made by Mr. Bennett from a sheepskin. Later, two Grand Rapids players, catcher Jim Best and shortstop Johnny Plast, came to East Jordan, went broke and sold their chest protector, mask and glove to Mr. Bennett.

This equipment demanded real suits, so he bought a quantity of heavy black cloth from which Mrs. Bennett made uniforms for the team. Nothing but the best would do for his team, although Mr. Bennett had no idea what kind of material should be used. So the boys sweltered for years in the thick suits, lettered across with the name, **ECHO** in green felt, after the name of their township.

The nine boys were born between 1883 and 1907 and by 1904 four of them; Bert, Cal, Hank and Short, were on the regular team. As they grew up, the younger ones were taken on as older ones dropped off. They played only three games as a family team, the last one at Traverse City about 1915. Mr. Bennett never played, but acted as umpire.

When Saturday games with other teams were scheduled, the Echos always quit work at noon on Wednesday and spent the afternoon at the barn practicing. Mrs. Bennett appreciated these days because it meant she did not have to pack and send a noon lunch to the woods. If they were short-handed, Mr. Bennett would hitch up and drive to town and recruit players to make up his nine.

One member of the team was Frank Shortley, formerly with the Barney Kings, a major league team in Chicago. Drink had cost him his job with the Kings and he had drifted north into the Bennett fold.

***THE BENNETT BOYS** posed for this photo by Bill Huckle, Sr. sometime in the 1940s. From back row left, they are Sam, John, Lewis (the youngest), Brian "Pete," Frank "Short," (front) Calvin, Dan, Henry and Bert (the eldest). There were about 23 years between Bert and Lewis.*

Once when a game was coming up on Saturday, he went over to a neighbors' filled up on cider, then went to town for something stronger. He ended up in the village jail and sent for Bert. Shortley asked Bert to have his father get him out, but when Mr. Bennett learned where Frank was he told Marshal Bill Johnson to keep Frank there until time for Saturday's game.

One of the earlier girls teams, the Boston Bloomers Girls, came here for a game with the Bennetts in 1912, but were defeated 11-2. This team was owned and managed by Maud Plummer, who took them all over the United States. They played with the same type ball and field that the men used.

Hank Bennett was pitching that day and decided to go easy on the girls at the start, giving them two runs. His father and Dan Goodman said if it was going to be turned into a farce they would ask for their money back and go home. That ended the girls scoring.

There was one game the Echos played with the Bellaire Red Sox, in which the only score was made by Art Howard in one inning. He rounded the bases on four errors.

Another happy memory is of a game they played at Frederic. They were tied 6-6 in the last half of the ninth. With Frederic at bat and the bases loaded, a clean hit was made to right field.

Short was catching and as the man on third, a big fellow weighing more than 200 pounds, started for the plate, Short put his hands down pretending to catch the ball, then started for his opponent. The man turned and ran back to third where he met Pete Berg coming in from second base. Pitcher Bert Bennett, signaled Earl Batterbee to right field for the ball. Earl shot the ball to Short, who put out all three men. The game finally ended up in the Echos favor.

Bert recalls when he was serving on the board of supervisors during one of its sessions he was asked to play with the team against Mancelona at a Central Lake homecoming. The boys adjourned, and went to play the game.

## Baseball, the Bennetts and Echo Township

***BY DEB SAYGERS HOBBS***
*Torch/Journal Editor*

*John Bennett*

*Papa was umpire: The Bennett Family baseball team* came to the *Torch/Journal* via John Bennett of East Jordan, formerly of Echo Township.

Now 91 years young, John is the last surviving brother of the Bennett team. He still recalls the three games that the brothers all played together.

"We never won any," he chuckled, "because some of the brothers were too old by then, and some of us were too young!"

John, as second youngest, recalls being only about 12 years old in the three games.

The Echos were one of many ball clubs in the area. Although the game was young when William J. Bennett started the team, there was already plenty of competition in the neighboring small towns. John recalls that annual fairs in every town always included tournaments.

Several of the older Bennett boys were outstanding players, and went on to play semi-professionally in Flint and elsewhere. The Echos were good enough in those early days to earn a chance to play against Ty Cobb and the Detroit Tigers in postseason, but unseasonably bad autumn weather cancelled the game.

John said he played ball until he got married to Ledah Barnes 69 years ago. Today, John and Ledah live comfortably at Lakeview Manor. They have photos of the Bennett homestead on Vance Road, and Ledah's family homestead in Pleasant Valley, as well.

Most of the Bennett boys (they had no sisters) stayed in the area, and John can't even guess how many relatives he has around; but he does know that over 200 people showed up at his 90th birthday party last year and most of them were related!

## Superintendent thanks voters

**ON BEHALF OF** the Central Lake Board of Education, I would like to thank the voters for approving the millage request on June 13. Once again our community has shown the value they place on the education of our youth.

If ever there was any question of the value derived from what we invest in our young people, I offer the following:

The U.S. population increased 10 percent between 1980 and 1990; the prison population exploded by 139 percent. Each prisoners cost taxpayers over $20,000 annually and 80 percent of the prison population are high school dropouts. We now lead the world in the percentage of our population behind bars. One prisoner takes away the money for six children in Head Start programs.

Once again, thanks again for caring.

C. Lary Blamer,
Superintendent

## Special passover observance

**FOR OVER THREE** thousand years, Jews throughout the world have celebrated Passover, first given to them in Exodus 12. Though Jewish traditions have made additions to the outline of the observance first given by God, there are still many spiritual truths for the Jewish people contained in the way it is observed today. There are also important lessons for the Christian Church.

Stewart and Ruth Cuthbertson, who are missionaries supported by Eastport Baptist Church and working in the Detroit area in an outreach ministry to the Jewish community, will be sharing with us in the Passover Seder observance. This will help us better understand what took place in the "Upper Room" the last time Jesus observed Passover with His disciples on the night before the Crucifixion.

We will gather at 11 a.m. on June 26 in the Eastport Baptist Church gym to partake of the Passover elements, and discover many lessons they may teach us today. All who are interested, Christian or Jewish, are invited to attend.

Rev. Jerry Mack, pastor
Eastport Baptist Church

She was preceded in death by her parents and two granddaughters, Elizabeth and Michelle Hahn.

Surviving are her husband, Wilfred "Jack" Hahn; one son, Delbert W. (Gail) Hahn of Alma; two grandchildren, Mari Lynn Greiff of Dartford, England, and Daniel W. Hahn of Elk Rapids; two great-grandsons, Nicholas Daniel and James B. Greiff of England.

Graveside funeral services were held Mon., June 20, at Lakeview Cemetery, Torch Lake Township near Eastport. Memorial contributions may be made to the Clearwater Township Fire and Rescue Squad, Rapid City, MI 49676. Arrangements were made by the Central Lake Chapel of Mortensen Funeral Homes.

# East Jordan Family Health Center accredited

The East Jordan Family Health Center has been approved by the American College of Radiology's Mammography Accreditation program. The facility has met the necessary requirements, which include a stringent review by a panel of breast cancer-detection experts.

The reviewers evaluate the staffing, equipment, quality control and quality assurance programs at a facility applying for accreditation. The quality of the image and the amount of radiation are measured and must meet rigid standards. Accreditations must be renewed every three years.

One in nine women will develop breast cancer in her lifetime. Early detection is the key to survival. Mammography done in conjunction with breast physical examinations provides the most accurate diagnosis of early breast cancer.

Only 6,000 facilities have been accredited nationwide in the six-year history of the program. It was started in response to concerns by radiologists, other medical organizations, and the public that only qualified personnel perform and interpret mammograms and that only equipment specifically designed for mammography be used. The goal is to ensure women receive the best mammographic examination with the lowest possible risk.

## THE ILLUSTRATED BIBLE

### Weigh Not Your Gold Against God

*"You cannot serve God and mammon."*
– Matthew 6:24

Mammon, in the biblical sense, denotes wealth. In a materialistic world such as ours, it is not uncommon for most of us to place far greater emphasis on laying up riches on this earth than insuring the treasures that will be ours in God's kingdom. In effect, we are worshipping a false god, one in rivalry with the Supreme Being for our souls. As Jesus said, "Look at the birds of the air; they neither sow nor reap nor gather into barns, and yet your heavenly Father feeds them. Are you not of more value than they?" It's true that God created all creatures, yet man is His masterpiece, created in His image. Why then should we defy that bond that exists between God and man by concentrating more on transitory gains than eternal riches?

# Ellsworth School Board Briefs: June 13 meeting

## Possible budget deficit in '95

Even with all of their millages passing June 13, the school system could face tight financial times next year. The expected budget for the 1994-95 school year calls for a $10,000 operational deficit, superintendent Rick Diebold said.

The deficit could occur because of two major employee expenses for the school system: Social Security and retirement funds.

Michigan schools, unlike previous years, have to cover Social Security expenses for their employees with no refund from the state.

"We prepared for this eventuality a lot better than some other school districts," Diebold said. "Many districts are spending well into fund deficits."

Retirement funds for school employees, to which schools must contribute, increased dramatically. Schools had to match 5 percent of every dollar of salary into the retirement fund in 1993-94. In 1994-95, they must match 14.21 percent.

"The amount we pay for retirement in our elementary school budget will increase from $14,000 to $38,000 next year," Diebold said.

"I anticipate that once the audit is complete for next year's budget, and the actual numbers are plugged in, we'll be pretty close to break-even," he said.

## Computer purchase plan approved

The board approved investing up to $40,000 in a computer purchase program discussed at the May meeting.

The program will allow teachers and some other school employees to purchase a computer at the discounted rate the school receives. The employees could spend no less than $1,000 and no more than $3,000 for the units, hardware and some school-approved start-up software.

The board decided to finance the program through the school rather than through a bank.

"There's hardly any discernible difference in the bookkeeping and paperwork," Diebold said.

"As a financial investment, we'll get more return on our money than we could anywhere else. As an investment in people, we receive indescribable benefits," he said.

Diebold said employees in the program will have to pay off the purchase within two years through payroll deduction, at an interest rate to be set by the superintendent.

"I'll look at what the banks in our area are currently charging for interest, and set ours one-half to one percent lower," he said. "Within two years, we'll have all $40,000 back, plus whatever interest."

A survey of teachers found 13 interested in the program.

"They've been bitten by the technology bug," Diebold said.

"We have teachers who've been here 25 years who didn't even want to go into the same room with a computer – now they're teaching computers to small groups of young people.

"There's been a changeover in attitudes regarding technology," the superintendent said. "That benefits kids."

## Many interested in teacher vacancy

More than 70 people have applied for the teaching position open with the retirement of Hugh Campbell.

Diebold and principal Marv Ruis said they will pare down the applicants to "about five or 10" to interview before the full school board.

# Texas Instruments jobs secure

**CENTRAL LAKE** – The recent arrival here of workers from a Texas Instrument Plant in Mexico has apparently sparked a flurry of speculation among some local residents.

Rumors range from the sale of the Central Lake T.I. facility to a Massachusetts company to the loss of full-time status and benefits for local workers.

Plant manager Brad Cooper declined to comment on a possible sale of the facility, in keeping with the company's official policy on activities such as mergers, sales and acquisitions.

Human resource representative Sue Mahan stated the Mexican workers are involved in training on a line that will soon be transferred to the Mexican plant. About eight to 10 local workers are expected to travel to Mexico in July to complete the training process at the new site, she said.

The transfer of the line will not affect local workers at all, she added.

As for loss of full-time status and withdrawal of paid health coverage, "There have been no changes in regular employee benefits whatsoever," Mahan said.

Jack and Ruth Sage were campers in Thurston Park a few days. They also visited Eileen and Kay Sage. Kay is doing well after recent surgery.

Ed Samlin left for Grand Rapids, Saturday where he will be living with his daughter Marlene. His new address is: 1309 Greggs St. S.E., Grand Rapids, MI. 49507. He will appreciate hearing from his friends.

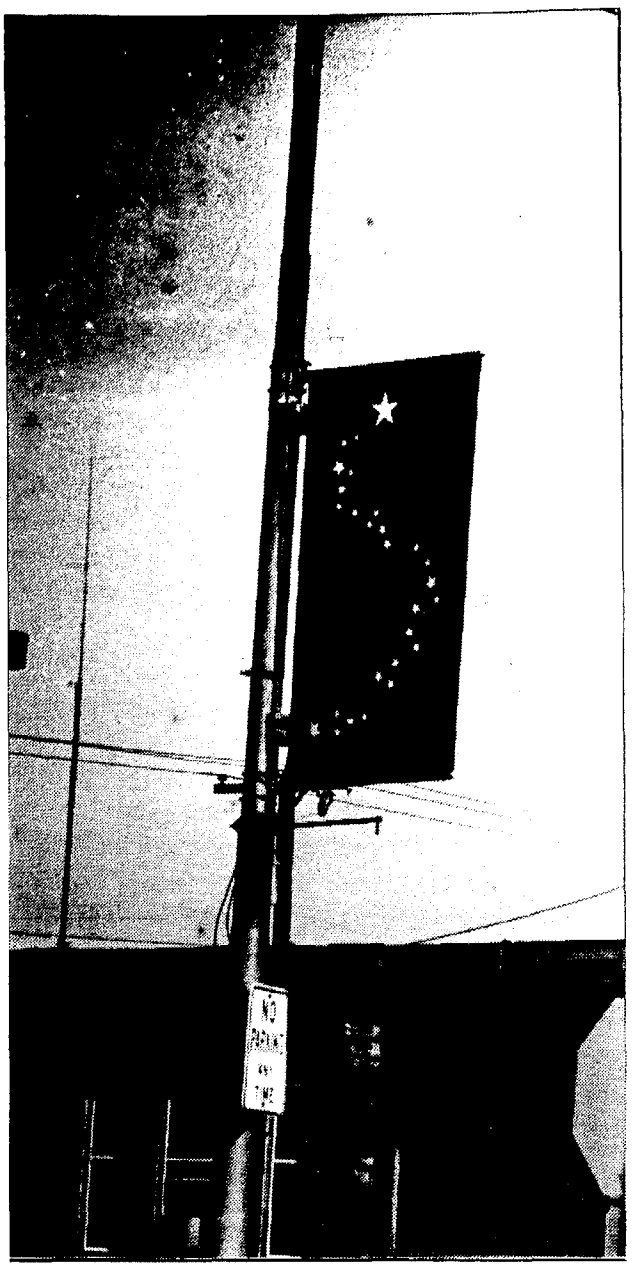

Rick and Collette Murray and daughter Erica of Lady Lake, Florida were guests of John and Eloise Litwaitis. They were here to attend the graduation of Nicole Murray, and visited other relatives in the area.

Rod and Cindy Childers and family of Burtonville came to visit John and Eloise Litwaitis and other relatives.

A black squirrel has been seen in our area. He sure is a frisky fellow.

The hen turkey and several young ones have been enjoying the bugs they find in the field of clover.

John Litwaitis has a birdhouse with baby bluebirds in it. If you clean the house after the first hatching, bluebirds will build again in the house this summer.

## A new holiday look for East Jordan

*The corner of Main and Esterly streets is sporting a promise of things to come as the city holiday decoration committee displays a sample holiday banner. The colorful Christmas decoration is part of phase one in a three to five-year plan to spruce up East Jordan's holiday appearance. The city contributed $2,000 for banner brackets placed along Main and Bridge streets. The decoration committee also received a donation from East Jordan Rotary, as well as some anonymous donations. Secretary-treasurer Laura Hansen reported the committee is planning a "ducky derby" as a fundraiser. Scheduled for Aug. 12 at Elm Pointe, 100 ducks will be available at $100 each. The ducks will "race" along Monroe Creek. The first duck to reach Lake Charlevoix wins its owner $3,000. Other prizes are $1,000 and five $200 awards. The event will include wine and appetizers.*

# Salmonella alert issued

The District Health Department has issued a warning concerning Salmonellosis.

It is an illness caused by the salmonella bacteria, found in the intestines of domestic and wild animals, including birds and poultry, pigs, cattle, rodents, and pets.

Salmonella is a commonly reported cause of food or waterborne illness, according to the health department. The majority of cases are isolated and many times the source is unknown.

Symptoms of the illness include headache, muscle aches and pains, fever, nausea, stomach pains and cramps, and diarrhea. In most cases the illness does not require treatment.

However, at times, individuals can become very ill and require medical treatment to include hospitalization.

Four cases have been reported since April in the Petoskey area. That local health department is conducting an investigation to determine if the cases are associated.

Simple measures in the kitchen can prevent many forms of intestinal illness.

- Choose foods processed for safety.
- Cook food thoroughly.
- Eat cooked foods immediately.
- Store foods immediately.
- Reheat cooked goods thoroughly and quickly.
- Avoid contact between raw foods and cooked foods.
- Wash hands repeatedly.
- Do not prepare food if ill.
- Maintain adequate hand washing facilities.
- Do not touch ready-to-eat foods served to others with your bare hands.
- Keep all kitchen surfaces meticulously clean.
- Protect foods from insects, rodents, and other animals.
- Use water and ice from approved sources.
- Frozen food must be thawed in a refrigerator, or under cold running water, or in a microwave, or as part of the cooking process.

The local health department can answer questions and concerns about food safety or food handling.

The important factor for the public to know, according to the department, is how to prevent the spread of illness.

❦ Scott and Lynn Crandall of Virginia were here spending their vacation with parents Mr. and Mrs. Roger Crandall of Bellaire and Pat and Don Smith and Ron Christopher of Ellsworth, who will go home with them for a summer vacation.

❦ John and Joanne Best of New Mexico are here vacationing with daughter Darla and Dale Shooks and Kathy and Brian Patton and families, other relatives and friends. They are enjoying their granddaughters ball games and their new home on Co. Rd. 624.

❦ Ella and Lloyd Burns were dinner guests on Tuesday of her uncle Howard and Barbara Bradshaw in Interlochen, helping Ella celebrate her birthday. A nice visit was enjoyed.

❦ Mrs. Joanne Rhodes of Ferndale was a weekend guest of her mother Beulah Daubenmeyer. A neighbor, Mary McKay drove her back to Gaylord on Monday to catch a ride on her return trip.

❦ Ron, Ruth and Dan Telgenhof and son Dan of Grand Haven visited over the weekend with their mother Marian Telgenhof and sister Joyce and Everett Tharp.

❦ Many, many graduation parties were held over the past weekend honoring many 1994 graduates at their parents' homes. Lots of picture taking, music and delicious luncheons were enjoyed by many grandparents, uncles, aunts, neighbors and school friends.

❦ Many of our senior friends and club members have returned home to enjoy our nice weather, and attended dinner at the senior center on Wednesday. Doris and Versile Dawson, Mr. and Mrs. Churchill, Dorothy and Herb Cummings and son Larry, who is visiting his parents, all came. We were glad to see our friends back.

❦ Hester Somerville of Waterford is here visiting her sister Marcella and Howard Buffman. She attended a nephew's bride-to-be bridal shower Thursday evening. She also attended her high school class reunion held Friday evening at the Lamplight Inn.

❦ Thirty seniors from Bellaire and Central Lake enjoyed a nice trip Tues., June 13, leaving early on a school bus driven by Jim Clayton. They visited the llama farm and beautiful country near Boyne City. They ended in Hartwick Pines, which is always interesting to many. En route home, they enjoyed dinner at Big Boy in Gaylord. Lena Snodgrass was the navigator for the trip.

❦ A bridal shower was held Thurs., June 16, at the Eastport fire hall to honor bride Jennifer Velding. The hall was beautifully decorated with flowers, candles and balloons.

Many school friends, neighbors and relatives attended. Her mother Sharon and the groom's mother Janice Buffman, and grandmothers Suzanne Gibbard, and Marcella Buffman, and aunt Hester Somerville from Waterford, great aunt Frieda Ross and her daughter Lonella from Flint and granddaughter and baby from St. Ignace were there as were many other relatives. A delicious luncheon was enjoyed and some door prizes were won. The girlfriends present helped Jennifer open her array of gifts which were beautiful. A lot of pictures were taken. It was a fun evening for the crowd.

❦ Mr. and Mrs. Elmer Brown of Alba and Bob Farrell of Williamsburg visited with their sister and mother Theo Farrell and son Richard on Saturday.

❦ Many parents, grandparents and other relatives and friends enjoyed the Baker Street dance concert, held in Ellsworth High School gym on Fri., June 10. All the girls were beautiful in their costumes and did really well in taking part, from junior high girls to some small ones.

In the grand finale, *Anything Goes*, all the girls tossed their black top hats in the air and were cheered by the crowd. A lot of pictures were taken. The girls presented their instructor Arlene Wilson with some beautiful flowers.

❦ Jo Somerville accompanied her daughter Barbara and Owen McDowell to a niece's wedding in the Methodist Church in Petoskey on Saturday.

The couple is from the Detroit area. Maureen and Dave Patton came for the wedding reception at the Knights of Columbus Hall in south Petoskey. It was a beautiful wedding, and we saw many relatives we had not seen in years. The brides' parents live in Pellston.

Hickman's host family gathering

Tammy and Ross Hickman of Central Lake opened their Sun Sky Wind Resort on Intermediate Lake to family members June 13-17. Tammy's folks, Anita and Rollie Hanson, were here from Hendersonville, N.C. Also attending from Marietta, Ga. were Alex, Natalie and Spencer Hickman's cousins, Katie and Ryan O'Leary along with their parents Cindy, Tammy's sister, and Ken O'Leary.

The group hopes to make this reunion an annual event. Tammy's brother, Greg Hanson, living in Birmingham, Ala. and his fiancé Jane Kjellstrom of Farmington Hills were unable to make the trip north but hopefully will do so next year.

# GTE compiling new telephone directory

If you're interested in adding new life to your current telephone directory listing, here's your chance. GTE is compiling information for the 1994-95 telephone directory.

According to Bob Karshner, GTE district manager, making a directory listing change is one simple phone call away.

If you are a GTE customer who lives in the Alden, Bellaire, Central Lake, Clam River, Eastport-Atwood, Ellsworth or Torch River communities and you want to make corrections or additions to the directory, you must contact the company's business office at 1-800-483-4600 (residential or single-line customers) or 1-800-483-5600 (business multi-line customers) before June 24.

Most changes can be handled over the phone and usually don't require a personal visit to the office.

Prior to that date, both residential and business customers can change their listings.

You should be aware, however, that you may be charged a nominal "records change" fee for revisions made to white page listings.

Publication and distribution dates for the new directory will be announced later, said Karshner.

**As if graduation** ceremonies aren't dramatic enough with all the tears and cheers, 1994 East Jordan graduate **Tina Richards** really added flair and excitement to hers, returning from state track competition in Saginaw in barely enough time to receive her diploma with the rest of her class June 11.

Classmates and audience alike became more and more anxious as the last of the graduates drew nearer and still no Tina.

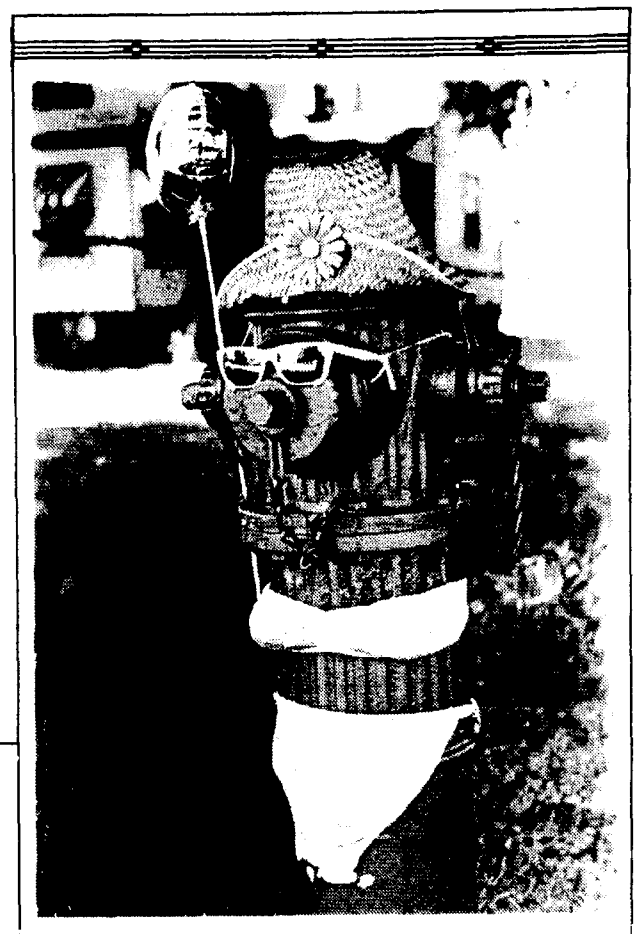

Finally near the end of the roll, in she came, escorted on golf cart, red robe flying behind her, to the cheers of the whole stadium. When she stepped up for her diploma, her classmates chanted out the exciting announcement, "Tina all-state!" She certainly was, taking third in Class C in the 1600 meter and fourth in the 800 meter, breaking two of her own school records in the process.

**Central Lake's Bill Gadwau** reported a "smelly situation" at the township waste receiving and recycling center not long ago.

Someone apparently disposed of a skunk in their trash, but it wasn't evident until the compactor did its work late in the day. Bill said it was a good thing it was 4:30 p.m. already, or he and operator **Gary Arnold** would definitely have con-"scented" to closing shop early!

**One of our** Charlevoix readers, **Evelyn Goodrick**, proudly informed us her son, **James Carroll Fox**, was named to the American Biographical Institute, Inc. Who's Who of the year 1994.

James, of Saginaw, had many accomplishments listed, including his activities as aerospace engineer, program manager and author. Evelyn and her family, which also includes son **Duane**, are related to the same Fox family that was a long-standing part of the Central Lake community.

# Central Lake Township Briefs - June 15 meeting

## Plea for lower speed limit

The board was approached by Rev. Ralph Dunlop and his wife Mary Helen with an appeal for support to lower the speed limit on East Torch Lake Drive from 55 to 45 mph.

The Dunlops presented a petition with 324 signatures of residents or regular travelers on the road supporting the reduction.

They also told the board they have the support of Helena and Forest Home townships, as well as Sheriff Dale Roggenbeck.

Ralph Dunlop stated the reasons the change was necessary as:

- Between Alden and Eastport, the road is increasingly residential.
- There are many curves, hills and blind spots.
- There is danger for drivers entering or exiting driveways and side roads.

Dunlop said a delegation will approach the State Highway Patrol in Traverse City with the documentation of support from residents, townships and the sheriff department. The state will conduct a traffic study and decide if conditions warrant a change.

Supervisor Paul Vernon discussed other township roads that may also need lowered speed limits, including Rushton Road and East Intermediate Lake Road. Vernon suggested tabling the issue until a review can be made on all the roads.

The suggestion prompted another resident of East Torch Lake Drive, John Ross, to appeal to the board to act on the Dunlops' presentation immediately.

"While I'm sure the other roads are worthy of consideration, it's important to act on this project quickly," Ross said. "The sheriff is anxious to have the state survey done this summer."

Ross said the last survey was done during autumn months when road use was not as intense and the state elected not to make a change.

The board then approved a resolution to support the Dunlops' efforts.

## Auditor's review

Board supervisor Paul Vernon conducted an assessment of the auditor's review for the 1993-94 budget. He called the results positive and commended the board and fire department for their efforts on the budget.

The township was able to resolve a discrepancy on records filed improperly with the IRS during the 1990 fiscal year. The township will receive a refund on an overpayment made in May to prevent a fine while the problem was being corrected.

Vernon recommended the auditor, Tobin & Co., be invited to the July meeting to explain the audit and answer any questions.

## Audience comments

Township resident William Bybee pointed out several errors in the treasurer's report, as well as commenting on remarks made by Vernon. It was reported in local press that Vernon said he intends to make public the names of those who circulated and signed the petition requesting his recall.

"I signed the petition," said Bybee. "I don't like it that you're trying to intimidate people."

Bill Scholtes, Florida resident who owns property and summers in the township, spoke in support of Vernon.

"You must be sure you have a candidate with the qualifications to replace Paul," he told the audience. "Well, let's hear who it is."

Diane Boatwright asked the board why a letter written by her husband Cliff had not been read at the meeting.

She was told the letter had been improperly addressed to the clerk only, instead of the full board.

**Political/candidate letter policy**

Letters to the editor on upcoming elections will be considered for publication **until 5 p.m., three Fridays prior to the actual election day.** Letters regarding state and local election issues and candidates' stands on issues will be considered for publication.

# Alcohol a factor in rollover accident

An East Jordan woman was injured in a one-car rollover accident at Six Mile Lake and Bunker Hill roads in Echo Township June 18.

Brenda Lee Knebl, 31, lost control of her vehicle on a curve, went into the ditch area on the opposite side of the road, and rolled her car several times. Knebl was transported by Central Lake ambulance to Charlevoix Area Hospital, where she was treated for injuries, kept overnight for observation and released the following morning. Knebl was wearing her seatbelt when the rollover occurred.

The Antrim County Sheriff Department has determined that alcohol was a factor in the crash. Their investigation continues.

# Local artist's work at Burns Clinic

Karen Donaldson of East Jordan is among several northern Michigan artists who have been invited to display works of art at Burns Clinic in Petoskey this summer, in conjunction with McCune's Art Center.

"At Grandma's House," a Victorian style photo of Poinsettia flowers, is currently displayed in the fifth floor gallery area. Scheduled for later inclusion are photos of lady's slippers in their natural woodland setting, and an early morning fisherman's view of Six Mile Lake near Ellsworth.

# MacNeil joins race for judgeship

*Ray MacNeil*

Gaylord attorney Ray J. MacNeil announced his candidacy for the 87th Judicial District Court Judgeship.

MacNeil has worked as a lawyer for 24 years both as a prosecutor and as an attorney in private practice. He has served on the board of directors for Otsego County Commission on Aging, been vice president of Big Brothers-Big Sisters in Saginaw County, and helped establish the Senior Citizens Free Legal Assistance Program.

MacNeil has been a member of the Michigan Bar Association for 24 years and is the president of 46th Judicial Circuit Bar Association.

"I know and understand the need of people to be treated with dignity, fairness and respect. If people are treated with dignity, fairness and respect, justice will be the end result," he said.

I believe that the people of Antrim, Kalkaska, and Otsego counties deserve a judge who will serve them and understand them. I will work hard to that end."

# Sheriff investigating diving accident

The Charlevoix County Sheriff Department reported that Steve E. Moore, Jr., 15, of East Jordan was injured in a swimming accident at the East Jordan Tourist Park the evening of June 17.

The sheriff said Moore suffered a broken neck after diving off the terrace bank by the boat dock. He was taken to Charlevoix Area Hospital by private vehicle, then transferred to Munson Medical Center by North Flight.

Munson reported Moore to be in fair condition as of Monday morning, June 20. The accident remains under investigation by the Sheriff Department Marine Patrol.
